## **Breton Electric Again Earns Coveted Angie's List Super Service Award** *Award reflects company's consistently high level of customer service*

WAKEFIELD Breton Electric has been awarded the prestigious 2009 Angie's List Super Service Award for the third year in a row.

The Super Service Award, now celebrating its 11<sup>th</sup> year, is reserved for companies who have achieved and maintained a superior service rating on Angie's List – the nation's leading provider of consumer ratings on local service companies – throughout the past year. Fewer than 5 percent of the companies on Angie's List meet the eligibility requirements to be considered for the award.

"Our Super Service Award winners are the cream of the crop when it comes to providing the best customer service," said Angie Hicks, founder of Angie's List.

"We are really pleased that we have received this recognition once again," said owner Steve Breton. "We also appreciate that we have a lot wonderful customers who know they can count on us to do the job right."

Office Manager (and Steve's wife) Wendy Dennis added, "Getting the award this year was especially meaningful. We opted to retain our employees during the height of the economic downturn rather than have temporary layoffs so that we could consistently fulfill our mission of providing excellent and trustworthy electrical services to our customers at a fair and reasonable price."

Angie's List Super Service Award winners have maintained a total and overall grade of "A;" have received a minimum number of reports; are NOT in the Angie's List "Penalty Box" and do NOT have an unsatisfactory rating with the Better Business Bureau.

Service company ratings are updated daily on Angie's List, but members can find the 2009 Super Service Award logo next to company names in search results on AngiesList.com. For more information about Angie's List, see <http://www.angieslist.com>.

Based in Wakefield MA, Breton Electric serves the North Shore and Metro Boston area. For safety tips, information about reducing energy costs, how to recycle mercury-containing bulbs, and more, see [www.bretonelectric.com](http://www.bretonelectric.com) or call 781-245-0787.
